SUPERVISORS HOLD REGULAR MEETING

BURLINGAME OWNERS ASK TO
BE REIMBURSED FOR WORK
DONE ON HIGHWAY.

Roadhouse Keeper Charged With
Violating Liquor Law May Be
Denied New License.

The Board of Supervisors met in regular session, Monday, May 19th, there being present Wm. H. Brown presiding, D. E. Blackburn, Jas. T. Casey, Jos. M. Francis and John MacBain.

The minutes of the previous meeting were read and approved.

The following bids were received for furnishing 1250 lithograph road bonds:

Myself-Rollins Co., \$290.
Britton & Roy, \$335.
S. D. Merk, \$410.
Carlisle & Co., \$390.
On motion of MacBain, seconded by Casey, the contract was awarded to the Myself-Rollins Co., the lowest bidder.

Perry L. Shuman, representing J. A. Block, presented a petition for a water franchise to apply to San Pedro, Montara, Miramar and Halfmoon Bay in the Fourth township.

Mr. Block addressed the board, stating that water was much needed in the Fourth township. He was acting in good faith and was not engaged in a promotion scheme.

District Attorney Swart was opposed to the granting of such franchise until a full investigation was had.

The matter was referred to Francis to be acted upon at the second meeting in June.

The petition of the Visitation Improvement Club to have the route of the county boulevard at Visitation changed so as to run through the town of Visitation was taken up.

The board was addressed on behalf of the petitioners by Bernard P. Lapachet who stated that the proposed route was much shorter than the present one and that the rights of way would be provided without cost to the county.

Surveyor Neuman stated that the proposed new route was impracticable as it would involve a heavy grade and the road would have to cross the Spring Valley right of way. It would also be more expensive.

It was decided to lay the matter over until the next meeting for investigation in the meantime.

MacBain submitted specifications for a stairway and elevator leading from the recorder's vault to the basement of the courthouse, the cost of which would be \$735.50.

The cost was deemed excessive and the plan was abandoned on motion of MacBain, seconded by Casey.

A communication was received from Powell & Dow, representing John B. Farish, asking that a day be set for the hearing of evidence as to what improvements had been made by Farish on certain overflowed land reclaimed by him in order that a government patent may be issued to him.

The communication was referred to the district attorney.

Dr. T. H. Smith of San Bruno sent a communication certifying that Mrs. Grace English was receiving medical treatment from him and was unable to support herself.

Casey stated that Mrs. English had two small children; that she had been deserted by her husband and was in destitute circumstances. He moved that she be granted \$20 monthly for three months. The motion was seconded by MacBain and carried.

A resolution was presented by the board of trustees of Burlingame which it was asked that the board adopt, reciting the fact that a part of the State highway within the City of Burlingame was being paved and guttered by the property owners abutting on said highway; said improvement was undertaken before the inauguration of the bond issue, and in view thereof the said property owners should be reimbursed for a portion of the work out of the bond issue which provides for similar work within other incorporated cities.

The resolution was received and referred to the district attorney for his opinion as to the board's powers in the matter.

District Attorney Swart stated that complaints had frequently come to him that Cypress Lodge, a roadhouse near Belmont, was being conducted in a manner contrary to law. It had been said that young girls and children were permitted on the premises and were given drinks, and that the place was kept open after hours. The sheriff had sent men there who procured drinks after 11 o'clock. The proprietor had been arrested and Mr. Swart advised that he be cited to appear and show cause why his license should not be revoked.

The chairman stated that the proprietor would apply for a license at the next meeting. He advised the district attorney to have his witnesses present at that time.

On motion of MacBain, seconded by Casey, the proprietor of Cypress Lodge was cited to appear June 2d and show cause why his license should not be revoked.

Action on the disputed claims of R. E. Mitchell was postponed until

the next meeting.

A letter was received from R. S. Thornton suggesting certain changes in the county road near Coma. On motion of MacBain, seconded by Casey, it was decided that the board go to Colma, next Monday afternoon and personally view the changes suggested.

A resolution introduced by the district attorney was adopted on motion of Francis, seconded by Blackburn, directing the clerk to advertise the sale of the San Mateo school bonds, the sale to take place June 16th.

On motion of Blackburn, seconded by Francis, the surveyor was directed to examine two bridges in the Fifth township and give an estimate of the cost of replacing them with culverts.

Surveyor Neuman made the following estimate of the cost of the roadwork to be done under the bond issue before July 1st, and December 31st of this year:

Bay Shore road.....	\$ 144,200
Hillsborough portion El Camino Real.....	5,000
San Mateo portion El Camino Real.....	31,000
Redwood City portion El Camino Real.....	40,000
Colma to Edgemar.....	46,500
San Pedro mountain (north side off to Montara).....	75,000
Tunitas to San Gregorio.....	43,000
Portion of Belmont road.....	38,150
La Honda road (Folger's residence to Week's residence).....	71,500
Portion of Belmont road.....	17,200
Hillsborough to Halfmoon Bay.....	24,000
Total of estimate.....	\$ 536,200
Overhead expense.....	30,000
Grand total.....	\$ 566,200

The report of the surveyor will be considered at an adjourned meeting next Monday, called for that purpose, to which the advisory board will be invited.

E. M. Moores of Burlingame called the board's attention to the damage that was being done to the asphalt roads of the county by very heavy vehicles, and suggested that an ordinance be passed limiting weight of vehicles. It was suggested that such an ordinance was being contemplated by the Highway Commission.

Brown presented plans and specifications for a small bridge on the Pulgas road in his district which were adopted on motion of Casey, seconded by MacBain.

MacBain presented plans and specifications for a small bridge on the Woodside-La Honda road near Schilling's residence which were adopted on his motion, seconded by Casey.

The clerk was directed to publish a notice calling for bids for constructing both bridges.

R. F. Chilcott asked the board to ascertain the cost of connecting the recorder's office with the courthouse basement by means of a dumb-waiter, for the convenience of the searchers of records, which matter was referred to Supervisor MacBain.

Surveyor Neuman asked that a sum not to exceed \$75 be appropriated for supplying his office with reference books and engineering works and publications devoted to that subject. It was so ordered on motion of MacBain, seconded by Casey.

Two resolutions were presented by Arthur E. Loder, representing the State Highway Commission, granting to Paul Arata and Frank Lagomarsino, and Paul Arata et al., portions of whose lands in the First township had been taken for the State highway, the right to cross said highway with pipes or conduits, or wires, for water, gas and electricity and also to repair same under such reasonable regulations as may be established by the Highway Commission. The resolutions were adopted on motion of Casey, seconded by MacBain.

Deeds were received from the following land owners for the right of way for the new State highway in the First township:

B. E. Gouin and W. R. Gouin, F. D. Smith, Miller & Lux, L. Bocci, Crocker Estate Company, John D. Daly, Edw. L. Fauss, Ocean View Land and Improvement Company, Geo. M. Collopy and wife, R. Bischofberger et al., J. H. Millett et al., J. B. Cronan, Spring Valley Water Company, Baden Company, Jas. L. Flood, Eliza C. Hamlin and O. D. Hamlin, V. Gloldi.

The deeds were accepted and the clerk directed to have them recorded.

Adjourned to Monday, May 26th.

The date for the formal opening of Hotel Sequoia has not been set. It will be announced later.

MANY ENJOY THE "OLD SKULE" PERFORMANCE.

The "Old Skule," presented at the Alhambra Saturday night by Gen. Geo. S. Evans Relief Corps under the direction of Mrs. Dora Rogers of Oakland was a huge success. The hall was crowded and all enjoyed the entertainment immensely.

The following well-known residents took the principal parts and were particularly good:

C. M. Doxsee, the boy with the toothache, who recited "Cassibianca" to the great delight of the audience. Mr. Layne was the mischievous boy always cutting capers. E. O. Rhodes of the infant class looked killing in knee pants and kilts. Mrs. Harriet Nichols held the attention of the audience with her pranks and brought down the house with her composition on "The Cow." Mrs. Lena Kearse of Palo Alto rendered two beautiful vocal selections, "Annie Laurie" and "Coming Thro' the Rye." Mrs. Zimmerman read a composition on "Boys" and Mrs. George Kreiss discoursed on "Flies," both of which efforts were witty.

Mrs. Sutcliffe was the school teacher. The cute little girls were Mrs. Demartini and Mrs. Harris. Fred Zimmerman was the naughty boy, Bert Wender the good boy, Rudolph Kelenburger the German boy and W. A. Price was the bright boy.

Mrs. Lottie Wentworth rendered "Ben Bolt," in pleasing style and Mrs. J. P. Crown recited Mary's Lamb, amid much applause. Among others who took part were: Sophie Offerman, Mary E. Read, Hattie Kirste, Emma Winter, Caroline Heiler, Alice Mansfield, Mrs. Rockwell, Mrs. Hall and Mrs. Dan Flynn.

The corps extends its thanks to those who assisted to make the "Skule" the success it was and to the public for its generous patronage.

Wilbur H. Doxsee, who received his sheepskin as civil engineer Monday from Stanford University, was presented Sunday night with a silver loving cup by his friends and fellow members of the Christian Endeavor Society of this city.

HOW TO RESIST

Chronic Coughs and Colds.
Strong, vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold.

Now isn't it reasonable that the right way to cure a cough is to build up your strength again?

Mrs. Olivia Parham, of East Durham, N. C., says: "I took Vinol for a chronic cough which had lasted two years, and the cough not only disappeared, but it built up my strength as well."

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood-building iron added.

Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system.

You can get your money back any time if Vinol does not do all we say. A. D. Walsh Co., druggists, Redwood City, Cal.

FAMILY COW CAUSES

RABIES EXCITEMENT

Fay Morrell, just back of Wellesley Park, lost a valuable Jersey cow last week.

The cow appearing to be sick, Mr. Morrell enlisted the services of a veterinary surgeon who promptly diagnosed the case as Rabies and refused to doctor the animal, saying that the disease was incurable and that the cow would die. The animal being a pet and a prize beauty, Mr. Morrell together with his wife and two hired men endeavored to treat her by reaching in her mouth, pulling out her tongue and drenching her with medicine. This treatment was administered several times until the cow became so weak that it was unable to stand up, whereupon another veterinary was called in who advised that the cow's head be sent to the State laboratory for examination. This was done and was reported back as a bad case of rabies.

Mr. Morrell, his wife and hired men, are at present taking the Pasteur treatment, as each of them had small scratches on their hands and in trying to save the cow's life came in contact with the deadly virus contained in the saliva always found in the mouth of an animal afflicted with rabies.

A dog with this disease was known to have been in the vicinity of Mr. Morrell's home about four weeks ago.

Geo. Holden also lost a valuable dog on account of my rabies last week.

Edw. V. Shine, special officer for the Third township to enforce the muzzling ordinance, has redoubled his efforts and promises to have several cases before Judge Lamplin within the next few days if dog owners will not take warning.

All dogs should be muzzled or tied up in order to keep this disease from spreading.

LOCAL NEWS NOTES.

Captain George Washington Gouley of Santa Barbara has been here all week as the guest of his aunt, Mrs. H. S. Johnston of Ivy Cottage. Members of the Rebekah lodge are requested to attend the meeting next Tuesday evening for the election of officers.

P. A. Ryan has rearranged his drug store, giving more room for his large stock and adding to the appearance of his place of business.

Mrs. V. H. Sullivan and her two pretty children, Florence and David Sullivan of Burlingame, spent the week-end as the guests of Mrs. Geo. Underhill at her home in Dingee Park.

Friday of next week is Decoration day. The usual impressive ceremonies will be held in this city under the auspices of the Grand Army and the Relief Corps. Rev. C. H. Stevens will deliver the oration. Donations of flowers are requested for the decoration of the soldiers' graves in Union cemetery.

A map showing the changes and extensions in the city's street-lighting system has been prepared and is on file in the office of Clerk Plump for the inspection of the public. The trustees desire that the map be carefully examined and criticized so that no fault may be found with the system when it is completed.

A great deal of interest is being taken in the production of Ship Ahoy which is being put on by St. Margaret's Guild of the Episcopal church. About thirty of our young people are rehearsing nightly under the direction of Mr. Carlyle. Up to date songs, good comedy, pretty costumes and elaborate scenery go to make a splendid production. The reserve seat sale begins this morning at Ryan's drug store and indications are for packed houses. Ship Ahoy will hold the boards for two nights at the Alhambra next week, Tuesday and Wednesday.

The Regent clothing store of Palo Alto as announced in their advertisement in this issue commences a big rebuilding sale Wednesday morning. Contracts have been let and work will commence almost immediately on an extension to the rear of their present store which will give them an enlarged ground floor space, and also a fine Mezzanine floor will be constructed over the new addition. These improvements are in line with the Regent's progressive policy of "going ahead," and they not only want store room suitable for their business but one creditable to Palo Alto and vicinity as well.

Senator Flint on Tuesday presented Harold Stevens, who was a page in the senate at the recent session, with a handsome gold watch, the gift of Mr. Flint and the other members of the upper house of the legislature. The time piece was bought by Mr. Flint at Shreve's and was given to young Stevens in recognition of his services. The boy was very popular with the senators for his promptness in carrying out orders and for his courtesy at all times. Mr. and Mrs. Flint who had been the guests of Mr. and Mrs. J. H. Nash for the past week departed Thursday afternoon for their home in Hollister.

The three-year-old boy of Nathaniel Myers wandered away from his parents' home on Stambaugh street Wednesday morning and was lost for the greater part of the day. He was picked up during the afternoon on Roosevelt avenue and when questioned could not tell where his home was or even his name. The little fellow was cared for and the officers notified. After several hours of inquiry Mrs. Myers was located, almost distracted at the loss of her child and he was returned to her. The child had traveled over a mile in his wanderings.

M. O. Anderson filed a suit in the justice court yesterday against Sheriff J. H. Mansfield to recover the sum of \$53.40, balance due on a levy executed in the First township last April. The complaint alleges the plaintiff secured a judgment in the First township against a debtor for \$106.41 and that the sheriff levied execution and sold certain personal property, receiving the sum of \$106.41. He paid the plaintiff the sum of \$48. Plaintiff claims that there is still a balance of \$53.41 due him from the sheriff.

The San Mateo County Development Association is about to begin an active campaign for new members. The association is doing splendid work for the peninsula and is deserving of the support of every citizen. F. L. Ekwad, the genial and popular secretary, will make a canvass of the county and we speak for him every courtesy and consideration at the hands of the people. Mr. Ekwad has labored hard to make the association a success and should meet with every encouragement. His work should be given the stamp of approval by the people and they could do this in no better or substantial way than in becoming members of the association.

Pictures at the Bell Theatre. Tonight's program at the Bell Theatre will be a specially interesting one, being a graphic reproduction of scenes incident to the recent disastrous floods in the middle western states, in which the loss of lives and destruction of property was unprecedented. Five big reels will be shown for the usual popular 5 and 10 cent prices.

For Monday and Tuesday evenings there will be four unusually funny comedy pictures and a strong dramatic reel entitled "Arabia, the Equine Detective." This will also be a popular price night.

Friday will be benefit night for the gymnasium, when the proceeds will go to help the fund for the physical development of our young people. That the aid to this institution, which is a general public benefit, may be substantial, prices will be 10 and 25 cents and a show well worth the money will be given.

Guardianship Petition Fails.

The guardianship proceedings began in the Superior Court a few weeks ago by Mrs. Mozart to secure possession of her grandson, Carl Edward Schilling, came to an abrupt ending yesterday, when Judge Buck denied Mrs. Mozart's petition for letters of guardianship. The father, Carl Schilling, son of A. Schilling the multi-millionaire who maintains a palatial home at Portola, now becomes the legal guardian of his son. Mr. Schilling was divorced from his first wife in 1910 and the court awarded the custody of the boy to his mother, who died a short time ago. The child lived with his grandmother until his mother's death when he was taken by his father. The petitioner made an effort to prove the unfitness of Mr. Schilling but failed.

WAY CLEARED FOR STREET IMPROVEMENT

Council Ready to Order Laying of Extensive Paving and Sewer Work

At last the city trustees have succeeded in untangling the numerous snarls which have hampered progress on the plans for the extensive summer campaign of street improvements, and at the meeting of the council Monday evening the first actual steps preliminary to the commencement of the work were taken. At this meeting, which was attended by all of the trustees, plans and specifications for the laying of sewers and construction of the pavement in the district which has been under consideration for the past two months were submitted by City Engineer Sears and were adopted. Following the adoption of the plans and specifications, the necessary resolution of intention to proceed with the work, which will be found in full in the advertising columns of this paper, was adopted.

City Treasurer Towne submitted reports showing the various funds under his control to be in fairly good condition, the water fund exhibiting an especially encouraging margin, having a balance on hand of \$2264, notwithstanding the expenditure of \$534 for material required in the maintenance of the system. According to the reports the receipts of the general fund were as follows:

Recorder's fees . . . \$30.00
Personal property tax . . . \$76.95
Water connections . . . \$4.10
Licenses . . . \$150.00
Sewer connections . . . \$10.00
Plumbers' fees . . . \$36.00
Taxes . . . \$876.00

For the furnishing of 400 feet of fire hose bids were received from R. C. Holmquist, the Bovers Rubber Co., the Eureka Fire Hose Co., the Graham-Revere Rubber Co., and the Gutta Percha Rubber Co., each of which made offers from two or three grades at varying prices. Acting largely upon the recommendation of Fire Chief Winter the trustees finally decided to accept the bid of the Eureka Fire Hose Co. for Paragon hose at a price of \$1.10 per foot. Although this grade was the highest priced offered the recommendations of the chief convinced the trustees that it was the most advisable investment.

It was announced that the map showing the changes and extensions of the street lighting system as contemplated in the improvements to be made was submitted and had been opened for inspection by the public in the office of the city clerk at the city hall.

Captain Jens Hansen, addressed the council, urging that assistance be rendered in securing permission for the use of private locks for the owners of small launches in some locality accessible at a low stage of the tide. After discussing several expedients the city marshal was requested to endeavor to make some arrangements for the use of the docks at the Tacoma Mill, this being apparently the only available point at the present time.

The marshal was instructed to investigate complaints of the dumping of garbage at the foot of Holder street and use his endeavors to abate the nuisance.

At the suggestion of Trustee Hynding, the city clerk was instructed to advertise for bids for furnishing the city with a new 800 gallon sprinkling wagon.

The clerk was directed to advertise for bids for sweeping and sprinkling the streets for the next year, the present contract for which work will expire June 20th.

Chairman Merrill called the attention of the council to the intended visit of a large number of the Commercial club of San Francisco on Saturday, June 24th, when they will be entertained by the members of the Redwood City Board of Trade. The party, which will number probably more than 200 will come by boat, and the chairman suggested that steps be taken to put the water approach to the city in the most prositable condition possible for the occasion. A preliminary step in this direction, Street Superintendent Dickey was directed to make some repairs to the deep water wharf at the foot of Steinberger street and have the roadway of that street cleaned up.

Trustee Deleau presented a resolution instructing the city engineer to prepare plans for the laying of sewers in the following streets: Grant, Redwood avenue, from Addison to Main; Oak avenue from Wood street to the County road; Roosevelt avenue, from the wooden bridge to the County road; Lincoln avenue, from Davis street to the County road; County road, from Oak avenue to connect with Chestnut street. The resolution was adopted and it is expected that the plans will be ready for action at the next meeting.

Some unknown miscreant broke into the gatehouse presided over by Owen Sullivan Wednesday evening and removed his store of food. Mr. Sullivan is particularly provoked on account of the loss of a meal of pig's head and cabbage that he had prepared to be cooked the next day. This is Owen's favorite dish, one he relishes and the loss has caused an aching void. The culprit left no clue to his identity, but the theft is no doubt the work of one of the many tramps that are infesting this community at present.

After a thorough investigation, during a recent visit to Italy, of a new method recently introduced in that country for the education of younger children, Mr. and Mrs. Beach Thompson have decided to provide for themselves a means of securing the advantages of the system for their own daughter. The new system of primary schooling was introduced at Rome by Madame Montessori and is called the "Montessori System," and is said to be particularly effective in the work of inculcating the principles of practical discipline and obedience in the minds of younger children. Mr. and Mrs. Thompson have secured the services of Miss Roberta Fletcher, who has had a practical experience in teaching under this system and will open their home here to a limited number of the younger children of their friends.
